Employment and work experience

October 2002 – August 2004 3D Artist

3D Architectural, Interior and Product Visualisation, Animation, Web Design. Work for ArtRay Ltd

July 2000 – September 2002 Graphic Designer and CGI Artist for the Nu-Image Film Company

Worked on the design and CGI in more than 15 films. Duties included:

- CGI: modelling, texturing, animation, rendering and compositing of CG shots. I was responsible for entire postproduction process of separate shots and reported directly to the CGI supervisor
- Graphic designer: I designed details or entire sets concepts and was responsible for their realisation. I created some of the props, which the actors touch and worked closely with Production Designer and Props Master.

1995 – 2000 Freelance Artist

Created many sculptors and paintings, which are now in collections all over the world
